

Our Mission

It may seem old fashioned but we want people to smile, have fun and learn in a powerful and non-threatening environment.

Our mission is to:

- Only ever create training materials that are fun, purposeful and engaging where memory retention will exceed other forms of learning.
- Unleash the power of real training and to reduce screen time for trainees.
- Make a small donation for each training game we sell to The Smile Train who provide free cleft repair surgery for children in the poorest countries of the world, because we think being able to smile and have fun is everything.
